# EXHIBITIONS

## Leading the Pack Hub

Exhibits from suppliers, distributors and ag-tech companies with new to market innovations, products or services.

## Backyard Tinkerers Tent

Displays from local inventors, farmers and small businesses of prototypes of innovations, products or services.

## Services and Support Stand

Showcase of Gov, not for profit groups and local organisations who offer rural support and assistance.

## The Tent with the Talks

Insights and ideas from local regional and national key note speakers.

## Young Disruptors on Display

Displays from local ag schools, programs and initiatives.

# EATS AND ENTERTAINMENT

## AgVention Challenge

There's nothing like coming up with an innovative solution for a real-life challenge - especially one that's specific to the local area. Details coming soon.

## Meet the Makers Market

A showcase of the amazing produce and products from our local food producers. Bring your shopping basket and stock up on some tasty treats.

## Picnic Patch

Take a load off - (for a short bit) and enjoy a bite and a cuppa from our local food providers overlooking the fields of Kandanga Farm.

## Sundowner Lounge

When the day is done - enjoy some beers and banter at Kandanga Kitchen. Catch up with old friends and meet some new connections.

## Field to Fork Feast

Join us for a feast of tasty local produce (of course) at the Field to Fork Feast. Price \$65 - alcohol on consumption.

# A LITTLE BIT ABOUT FAN

Food and Agribusiness Network (FAN), is Australia's fastest growing food and agribusiness cluster. We work with 300 members across the whole food value chain from Gympie, Noosa, Sunshine Coast and Moreton Bay.

We are a conduit for communication, collaboration and co-operation, promoting knowledge acquisition and sharing amongst our members and the broader industry. We're also a representative voice advocating for the interests of our members and the development of food and agribusiness in our region.

**AgVention 2019 is "FAN Powered"**

# AND SOME MORE ABOUT BOS RURAL

**AgVention 2019 is the brainchild of Tim and Amber Scott from Bos Rural / Kandanga Farm.**

At BOS Rural Supplies we seek to align ourselves with customers and suppliers that share our values of service, quality and innovation. Therefore, we want to be sure that the manufacturers and suppliers that we support produce high quality and solutions-based products. Predominantly, we source Australian made products and where applicable seek to supply non-chemical, non-synthetic inputs. In some instances, these ideals cannot be competitively produced so we look to suppliers of quality and value, all the while searching for a better long term solution.

Growing Regional Australia through regeneration, prosperity, reverse corporatisation and decentralization are principles we are guided by.
